The enthusiasm and hard work of our cheerleaders play a large part in maintaining school spirit. Being on hand for all of our football and basketball games and cheering our teams to victory, they also lead students in pre-game pep rallies.

The group, led by Maxine Helms, spends many hours practicing the old cheers and making up new ones. They strengthen the loyalty of our students at West. Helping Maxine are: Sue Hager, June Haynes, Hazel McSwain, Glenda Rosser, Nancy Todd, and Ramona Tolson. Teresa Deese is our mascot.

This year's varsity, composed of boys from all three classes, won three games, lost three, and tied two.

Combining a smooth offense with a strong defense, our '57-'58 team played hard, fast games. Most of the players being veterans of the previous years' varsity had the experience to help them meet opposing teams with confidence. Height and speed were great assets as they went through the season winning games as well as respect from other school teams.

With the opening of basketball practice at West Mecklenburg, many girls turn out to see if their skills are good enough for them to become a varsity player. Each girl naturally does her best in hopes that she will "make the team."

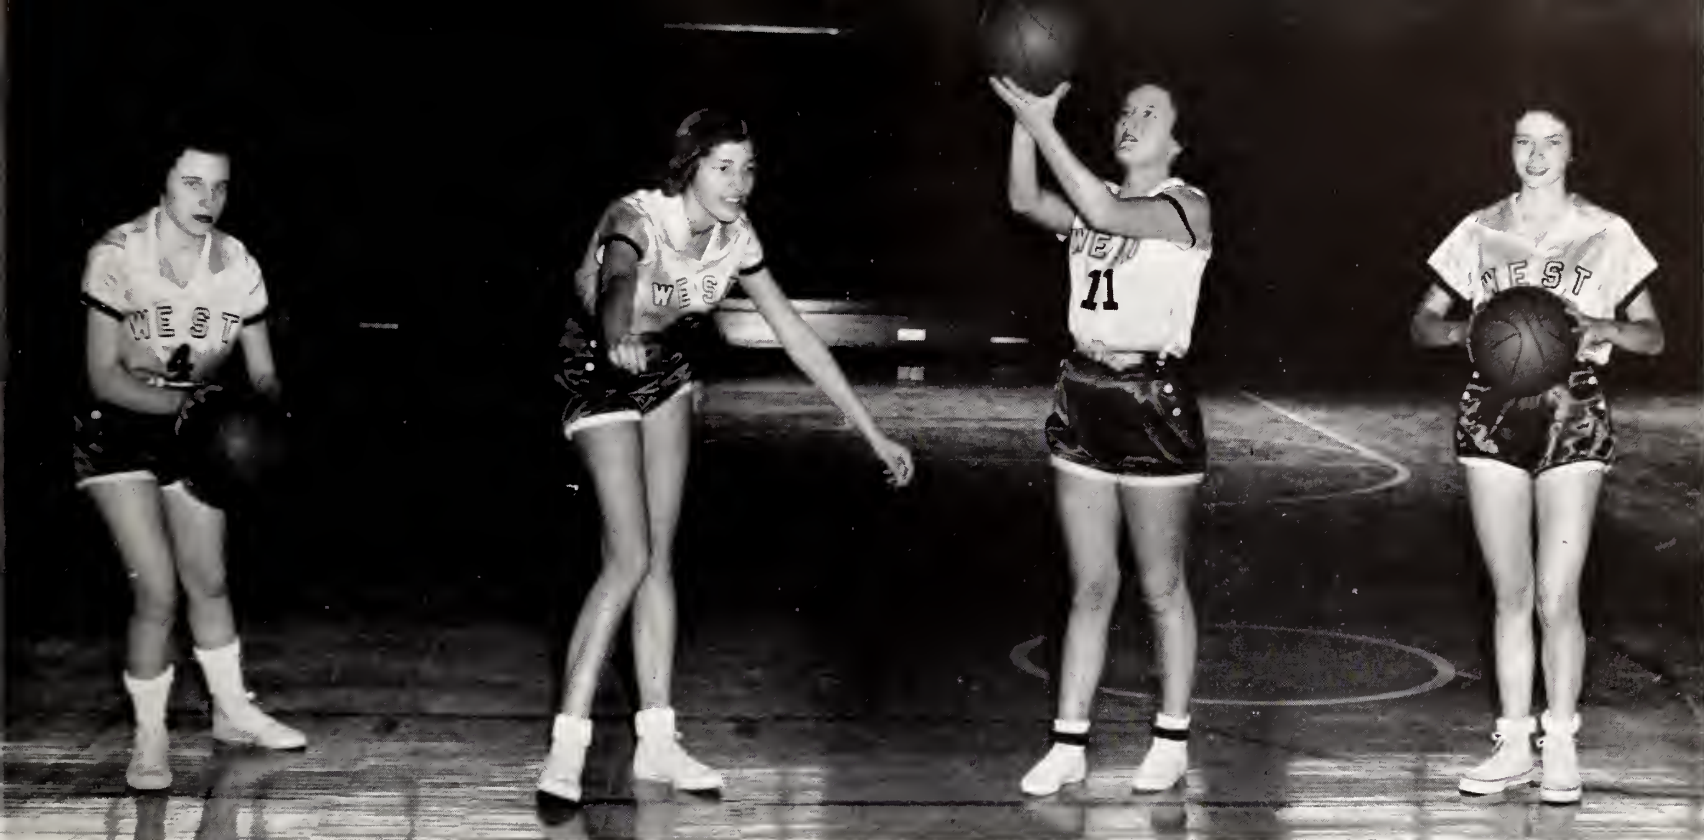

After much hard practice and many sore muscles, the best girls are chosen. Then the team really gets down to work so that they can become a good team capable of outplaying opposing teams, thus bringing glory to West.

When the season starts, everyone soon knows that their work was not in vain, for the games they win are certainly proof of their success.

exchange student -

From Lulea, Sweden, the West Mecklenburg faculty and student body have welcomed their first American Field Service exchange student, Lars Arne Stalberg.

In competition with many other students, Lars was selected to spend a year in our country, living as an average American teen-ager and informing various civic groups of his country and its customs. He has become so much a part of the life of West Mecklenburg that the most careful observer might have difficulty in picking our foreign student from the native student body.

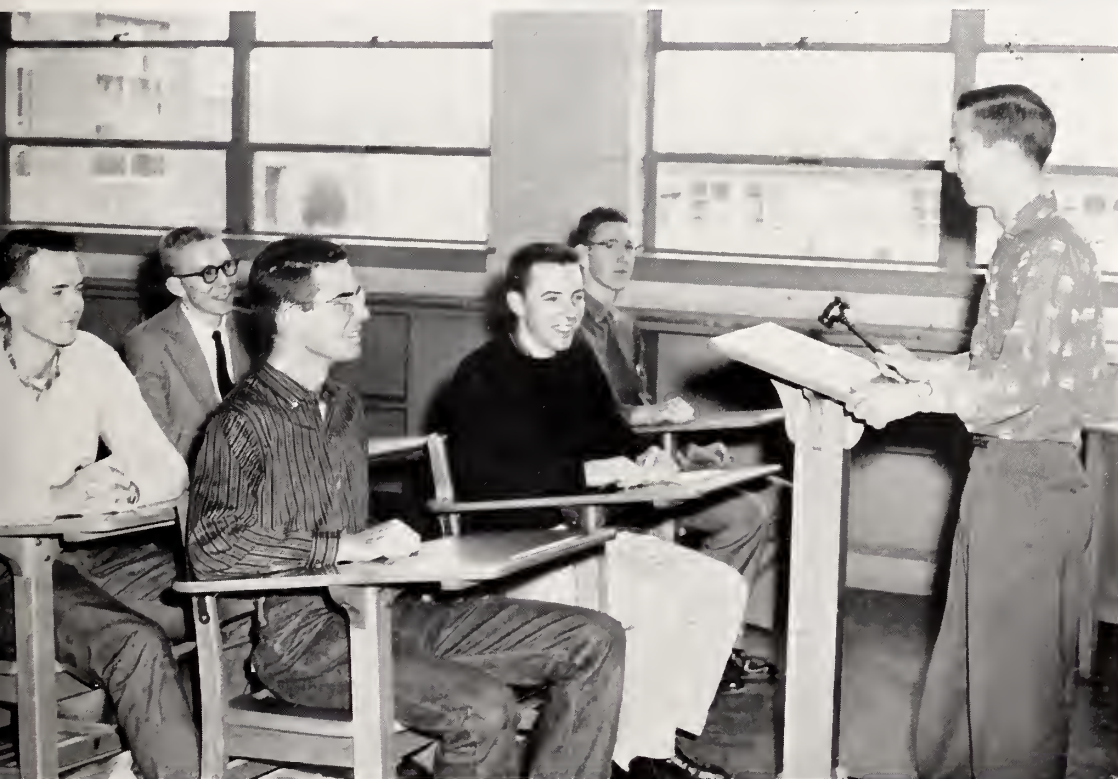

In the regular activities of the school, Lars is a member of the Student Council and the Senior Safety Committee. He serves as vice-president of the French Club and as vice-president of his twelfth-grade homeroom.

While he is in America, under the sponsorship of American Legion Post 262, Lars makes his home with Mr. and Mrs. W. E. Derrick, Rt. 6, Charlotte, N. C.

s a f e t y p r o g r a m

We, the students at West Meeklenburg, consider the Safety Club one of the most valuable organizations in our school. Our students will recall that we have never been lower than second place in county competition in regard to the safety program.

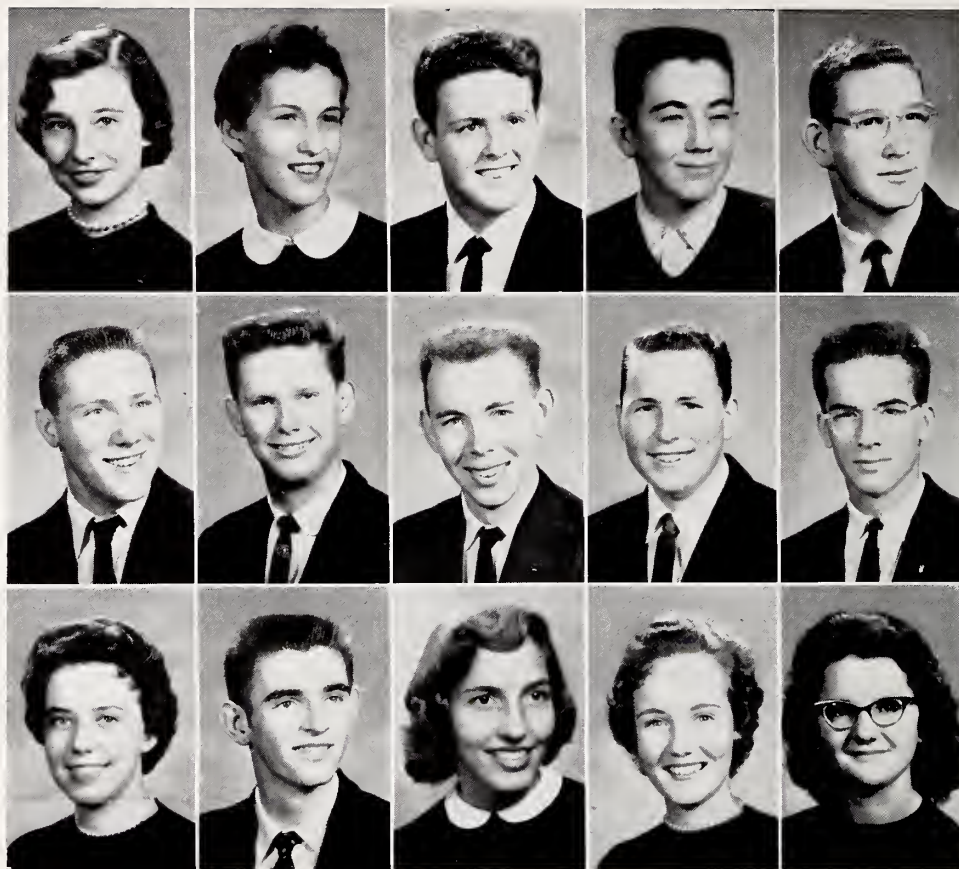

This year we are competing with other schools throughout the state, and we know that the competition will be keener than ever before. But several programs have been completed and others are still in process. The sum total of these, we feel, will be among the best efforts in the state.

Congratulations to our seniors who have done a fine job in the past years and are working hard again this year.

Specialize in a technical career while serving a 3-year (or more) enlistment in the U. S. Army.

Specialize is the keyword of advice to young men and women today. As you discuss your future, your training in preparation for your career, that word will crop up, stand out. Today's age is one of specialists. When you think of your place in it, think of the technical training you will need to assure you an important role.

The United States Army has a unique technical training program for high school graduates that you should know about. Completely realistic and up-to-date, it gives you an opportunity to choose one of the career courses of the more than 100 listed at the left . . . before you enlist. This important fact bears repeating:

You Get A Written Guarantee . . . Before You Enlist!

If you are found qualified for enrollment in one of the courses, you will receive a letter indicating the course for which you are accepted and the starting date of that course. This is your **WRITTEN GUARANTEE** that you will attend a course of your own choice after basic training — if you enlist. You are still a civilian. The decision must be made by you.

Evaluate the program. Also, consider this: You learn, you get on-the-job experience, and you serve your country at the same time.

The Army needs skilled specialists. The Army is willing to train the right personnel, the best qualified young men and women of America. You may be one of those people.

You get other benefits, too!
